Dear Mr. Souza,

Your Annual Compliance Report for the 2009 calendar year was received and examined for adequacy. After reviewing the document, it has been determined that it adequately meets the reporting requirements, as well as the record keeping requirements of your permit.

In the report you indicated that there were no deviations from the permit requirements. A review of the substance of this report also indicates that your facility was in compliance with the corresponding standards of your permit during the period. Please consider this message as a formal confirmation that your report was received, found to be adequate, and demonstrated compliance.

The document was reviewed by me in the Knoxville Environmental Field Office. If you have questions concerning the document, please contact me at (865) 594-5566 or my supervisor Vick Malichis at (865) 594-5514.
